FDA CONFIRMATION

FOOD and DRUG APPROVAL FOR PURGEX PURGING COMPOUNDS

PURGEX Purging Compounds are sold in USA and abroad. These products contain up to six (6) substances which constitute the active ingredients contained in the PURGEX compounds. The Company maintains the information regarding these substances as confidential and proprietary. However, Neutrex, Inc. hereby provides information pertaining to the safe use of all these six (6) substances as follows:

- 1. Listed in the US Code of Federal Regulations (CFR) Title 21**
- 2. Rated in the GRAS category (Generally Recognized Safe)**
- 3. Allowable for use directly in food and/or pharmaceuticals in percentages in excess of those used in PURGEX**
- 4. Rated as non-hazardous**
- 5. Title 21 Summary**

NEUTREX Substance Code	CFR Section No.	Human Consumption	Years of Human Usage	Extent of Food Use	Rating
FD 6415	21CFR184.- -	Food, Beverages	>50 years	No limit	GRAS
FD 6425	21CFR184.- -	Food	>60 years	No limit	GRAS
FD6435	21CFR184.- -	Food, Pharmaceuticals	>75 years	No limit	GRAS
FD6445	21CFR184.- -	Food, Beverages Pharmaceuticals	>30 years	No limit	GRAS
FD6455	21CFR172.- -	Food, Beverages Pharmaceuticals	>20 years	2% maximum	GRAS
FD6465	21CFR175.- - 21CFR176.- - 21CFR210.- -	Pharmaceuticals	50 years	No limit	GRAS

In summary, the six (6) active substances contained in the PURGEX Purging Compounds are all used directly in food, beverages and, or pharmaceuticals, all of which are CFR Title 21 approved for human consumption.. These substances have been basic raw materials in the food, beverage and pharmaceutical industries for many decades and have been consumed by human beings for generations without any deleterious effects.

Neutrex, Inc. welcomes any inquiries for further information concerning the FDA approval of the active substance contained in PURGEX Purging Compounds. Please contact us at qualityassurance@neutrex.com

Very truly yours,

 Arthur P. Haag
